subject: **WRI Invitation to Sustainable Agriculture and Green Supply Chain International Forum from September 15-18 in Beijing, China**

Dear Mr. Erwin Tunas,

Hope this letter finds you well!
On behalf of World Resources Institute China (WRI China), I would like to extend our sincere gratitude to you and your esteemed team in Gapkindo.
Our visit to Southeast Asia this April proved exceptionally fruitful—not only because of your warm hospitality and thoughtful arrangements, but also thanks to the substantive exchanges we had regarding the sustainable development of the rubber industry. The insights and perspectives you shared have greatly enriched our understanding of both the opportunities and challenges on the ground and have laid solid groundwork for our ongoing collaboration. We remain truly grateful for your time, expertise, and openness.

As a meaningful next step building on our productive conversations, we are delighted to formally invite you to **Sustainable Agriculture and Green Supply Chain International Forum** which will take place from **September 15 to 18, 2026**, as part of the World Agrifood Innovation (WAFI) Conference. The events are organized by World Resources Institute (WRI), China Agricultural University (CAU), and the Secretariat of World Agrifood Innovation Conference (WAFI), and supported by China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA), China Customs Brokers Association (CCBA) and China Council for the Promotion of International Trade Commercial Sub-Council (CCPIT-CSC), including:

- **September 15:**
  - AM: Sub Forum1- China-Latin America Agricultural Economic, Trade and Investment Cooperation
  - PM: Sub Forum 2- China-Southeast Asia Sustainable Agriculture and Green Supply Chain
  - Evening: Welcome Reception

- **September 16:**
  - AM: China–Brazil Cooperation on Sustainable Agricultural Commodity Supply Chain Forum
  - PM: In-depth bilateral meetings with partners

- **September 17–18:**
  - Site visit

We would be truly honored to have you join us in Beijing—particularly as a panelist, sharing your invaluable expertise. Your perspective would not only enrich our discussions but also help translate shared aspirations into concrete outcomes for China-Southeast Asia cooperation.

For your convenience, attached here is the invitation letter for reference. For any further information needed, please do not hesitate to contact us directly. Your confirmation of participation by **August 5** would be greatly appreciated.
If you are unable to attend this event, we would also appreciate it if you could recommend or designate the most suitable representative from your organization to participate on your behalf.

We look forward to welcoming you to Beijing this September and to continuing our rewarding partnership.

Best Regards
Xiaotian Fu

2026 World AgriFood Innovation Conference-

Sustainable Agriculture and Green Supply Chain International Forum
Invitation Letter

Dear Mr. Erwin Tunas,

The Global South is pivotal to economic recovery and inclusive growth. China, Latin America, and Southeast Asia hold vast potential for agricultural trade, leveraging strong complementarities: Latin America as a core supplier of grains and livestock, and Southeast Asia as a vital source of tropical commodities and logistics. With China hosting the world's most dynamic agri-market—driven by surging demand for high-quality, sustainable produce—opportunities for collaboration are expanding. Amid shifting trade patterns and urgent climate action, stakeholders must jointly build green, resilient agricultural supply chain—deepening the comprehensive strategic partnership, strengthening global food security, and contributing to climate and nature objectives.

In this context, a series of events focusing on **"Sustainable Agriculture and Green Supply Chain International Forum"** will be held from September 15–18, 2026, as part of the 2026 World Agrifood Innovation Conference (WAFI). The events are organized by World Resources Institute (WRI), China Agricultural University (CAU), and the Secretariat of World Agrifood Innovation Conference (WAFI), and supported by China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA), China Customs Brokers Association (CCBA), China Council for the Promotion of International Trade Commercial Sub-Council (CCPIT-CSC), including:

- **September 15:**
  - AM: Sub Forum1- China-Latin America Agricultural Economic, Trade and Investment Cooperation
  - PM: Sub Forum 2- China-Southeast Asia Sustainable Agriculture and Green Supply Chain
  - Evening: Welcome Reception
- **September 16:**
  - AM: China–Brazil Cooperation on Sustainable Agricultural Commodity Supply Chain Forum
  - PM: In-depth bilateral meetings with partners
- **September 17–18:**
  - Site visit

The forum will bring together relevant government departments, international organizations, research institutions, industry associations, investors, and financial institutions and other stakeholders from China, Latin America, and Southeast Asia. Participants will engage in in-depth dialogue on key issues in sustainable agricultural commodity supply chain, covering policy coordination, standard mutual recognition, technological application, market trends and investment mechanisms.

We sincerely invite you to participate and share your insights at the events. We strongly believe that your participation will make a meaningful contribution to cooperations.

For any further information, please do not hesitate to contact us.

Contact person: Xiaotian Fu, xiaotian.fu@wri.org

We are looking forward to your response.

World Resources Institute

World AgriFood Innovation Conference

Annex 1:

Sub Forum1:

China-Latin America Agricultural Economic, Trade and Investment Cooperation

Agenda

Organizers: World Resources Institute (WRI), China Agricultural University (CAU), World AgriFood Innovation Conference (WAFI)

Supporting Organization: China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA), China Customs Brokers Association (CCBA), China Council for the Promotion of International Trade Commercial Sub-Council (CCPIT-CSC)

Time: 9:00-12:00, Sept. 15, 2026

Venue: The St. Regis Beijing, China

Moderator: World Resources Institute (WRI) China

Time	Session	Speaker & Panelist
09:00-09:30	**Opening Remark (TBD):** • World Resources Institute (WRI) • Foreign Environmental Cooperation Center (FECO), Ministry of Ecology and Environment (MEE), China • China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA), • China Council for the Promotion of International Trade Commercial Sub-Council (CCPIT-CSC) • Ministry of Agriculture and Livestock, Brazil (MAPA) • Ministry of Livestock, Agriculture, and Fisheries（MGAP）, Uruguay • Ministry of Agriculture, Livestock and Fisheries（MAGP）, Argentina	
09:30-10:10	**Session 1:** **New Perspectives: Policies and Collaboration Mechanisms for Agricultural Economic & Trade Cooperation between China and Latin America** **Discussion Topics:** • In context of the accelerated evolution of global green trade rules, what are the "green opportunities" for China–Latin America agricultural economic and trade cooperation? • What policies and actions have China and Latin American countries taken to promote green cooperation in agricultural trade, and what are the priority areas for such cooperation? • How can China and Latin America jointly build a multi-level ecosystem for green agricultural cooperation—from the national to the sub-national level—such as strengthening green supply chain cooperation between provinces, states and regions? **Panelists** (TBD): • Chinese Academy of International Trade and Economic Cooperation (CAITEC)	

	• Agricultural Trade Promotion Center (ATPC), Ministry of Agriculture and Rural Affairs (MARA), China • Representative from Argentina, Brazil, Uruguay, etc. • China Council for the Promotion of International Trade (CCPIT)
10:10-10:20	**Release of China-Latin America Cooperation Outcomes**
10:20-10:30	**Coffee & Tea**
10:30-11:10	**Session 2:** **New Market: Sustainable Commodity Trade and Best Practices between China and Latin America** **Discussion Topics:** • What initiatives have China and Latin America taken to promote trade in sustainable agricultural products? • What are the priority areas for sustainable agricultural sourcing between China and Latin America, and what successful and replicable practices or lessons have emerged? • At present, what are the main challenges in advancing China–Latin America trade in sustainable agricultural products? From the perspectives of governments, business associations and international organizations, what measures and recommendations can support companies in engaging in sustainable trade? **Panelists** (TBD): • China Certification & Accreditation Institute (CCAI) • China Meat Association (CMA) • China Chain-Store & Franchise Association (CCFA) • Representative from Argentina, Brazil, Uruguay, etc. • Moore Foundation • Representative from Companies
11:10- 11:50	**Session 3:** **New Drivers: Green Investment and Finance Supporting China-Latin America** **Discussion Topics:** • What investment opportunities exist in Latin America in the areas of green agricultural transformation and sustainable supply chain development, and what supportive policies target Chinese enterprises? • From the perspective of Chinese enterprises, what are the most urgent investment demands and priority sectors in Latin America in fields such as green agriculture, low-carbon technologies, and sustainable commodity supply chain? • What successful cases demonstrate financial backing for green investment in China and Latin America? **Panelists** (TBD): • Bank of China (BOC) • World Bank • China Council for International Economic and Technical Cooperation (CCIETC) • Representative from Argentina, Brazil, Uruguay, etc. • The Hongkong and Shanghai Banking Corporation Limited (HSBC) • Representative from Companies
11:50- 12:00	**Closing Remark** • WRI China

Annex 2:

Sub Forum 2:

China-Southeast Asia Sustainable Agriculture and Green Supply

Agenda

Organizers: World Resources Institute (WRI), China Agricultural University (CAU), World AgriFood Innovation Conference (WAFI)

Supporting Organization: China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA), China Customs Brokers Association (CCBA), China Council for the Promotion of International Trade Commercial Sub-Council (CCPIT-CSC),

Time: 14:00-17:30 Sept. 15, 2026

Venue: The St. Regis Beijing, China

Moderator: World Resources Institute

Time	Session	Speaker & Panelist
14:00-14:30	**Opening Remark** • World Resources Institute (WRI) • China Chamber of Commerce of Import & Export of Foodstuffs, Native Produce & Animal By-Products (CFNA) • China Customs Brokers Association (CCBA) • Foreign Environmental Cooperation Center (FECO), Ministry of Ecology and Environment (MEE), China • Ministry of Agriculture (MOA), Indonesia • Ministry of Agriculture and Food Security (KPKM), Malaysia • Ministry of Agriculture and Cooperatives (MOAC), Thailand	
14:30-15:20	**Session 1** **Policies and Markets for China-Southeast Asia Agricultural Trade** **Discussion Topics:** • What are the prevailing policies and emerging opportunities for green agricultural trade under regional integration frameworks such as the China-ASEAN FTA 3.0, ASEAN Plus One, RCEP and investment? • What are the challenges in implementing these trade policies? What are the specific market needs for Southeast Asian exports to China? • How can sustainable agricultural trade generate green premiums and unlock new market opportunities to drive transformation across supply Chain and production practices in origin countries?	
	Panelists (TBD): • Foreign Environmental Cooperation Center (FECO), Ministry of Ecology and Environment (MEE), China • Foreign Economic Cooperation Center (FECC), Ministry of Agriculture and Rural Affairs (MARA), China	

	• United Nations Conference on Trade and Development (UNCTAD) • ASEAN Committee in Beijing • China Council for the Promotion of International Trade (CCPIT) • China-ASEAN Expo Secretariat • Representative from Thailand， Indonesia, Malaysia, Vietnam， etc. • Provincial Representatives
15:20-15:30	**Coffee & Tea**
15:30-15:40	**Guiding Speech: Green Finance Enabling Green Trade** • World Resources Institute (WRI)
15:40-16:30	**Session 2：** **China-Southeast Asia Economic and Trade Cooperation on Sustainable Palm Oil** **Discussion Topics:** • What practices do Southeast Asian countries implement for sustainable palm oil production? • What initiatives has China rolled out to promote green supply chain and technical cooperation in tropical agriculture? What joint actions can China and Southeast Asian countries push forward together in trade policies, industry initiatives and agricultural technology? • What are the core issues in boosting sustainable palm oil procurement, and what successful experiences can be shared? • What are the priorities and measures for China and Southeast Asian countries to develop sustainable palm oil supply chain in trade, investment and agricultural cooperation?
	Panelists (TBD)： • Chinese Academy of Tropical Agricultural Sciences (CATAS) • Council of Palm Oil Producing Countries (CPOPC) • China Chamber of Commerce for Import and Export of Foodstuffs, Native Produce and Animal By-products (CFNA) • Indonesian Palm Oil Association (GAPKI) • Malaysian Palm Oil Council (MPOC) • Yihai Kerry • Dadao Zhijian
16:30- 17:20	**Session 3：** **China-Southeast Asia Economic and Trade Cooperation on Sustainable Rubber** **Discussion Topics：** ‘ • What practices are implemented by Southeast Asian countries for sustainable rubber cultivation and production? What priority cooperation items in agricultural technology, trade and investment, and standard mutual recognition? • In response to regulations like the EU Deforestation Regulation (EUDR) and the EU Carbon Border Adjustment Mechanism (CBAM), what measures and standards have been adopted by respective countries? • What specific sustainability requirements do downstream buyers place on upstream suppliers and producers? • What are the priorities and measures for China and Southeast Asian countries to jointly

	develop sustainable rubber supply chain?
	Panelists（TBD）： • Rubber Authority of Thailand (RAOT) • Rubber Research Institute, CATAS • China State Farms & Tropical Agriculture • Indonesian Chamber of Commerce and Industry (KADIN) • China Chamber of Commerce for Metals, Minerals & Chemicals Importers & Exporters (CCCMC) • China Rubber Industry Association (CRIA) • China Petroleum and Chemical Industry Federation (CPCIF) • Rubber Association of Indonesia (GAPKIINDO) • Vietnam Rubber Association (VRA) • Hainan State Farms Group • Guangxi Yuchai Machinery Co., Ltd.
17:20- 17:30	**Closing Remark** • WRI China

Annex 3:

Workshop on China–Brazil Cooperation in Sustainable Agricultural Commodity Supply Chain
Agenda

Organizers: World Resources Institute (WRI), China Agricultural University (CAU), World AgriFood Innovation Conference (WAFI)

Time: 09:30-11:30, Sept. 16, 2026

Venue: The St. Regis Beijing, China

Moderator: World Resources Institute (WRI) China

Time	Session
09:30-09:50	**Opening Remarks** (TBD): • World Resources Institute (WRI) • Foreign Environmental Cooperation Center, Ministry of Ecology and Environment of China (FECO) • Brazilian Ministry of Agriculture and Livestock (MAPA)
09:50-10:00	**Guiding Speech** China–Brazil Sustainable Agricultural Commodity Trade and Supply Chain • World Resources Institute (WRI)
10:00-11:10	**Roundtable Discussion:** **China–Brazil Sustainable Agricultural Commodity Standards and Procurement**
	Discussion Topics and Panelists • In advancing sustainable trade in agricultural products, what standards has Brazil established for key export categories to China such as soybeans and beef, and what specific traceability technologies and measures has it adopted? • Within the current framework of China's agricultural import market access, inspection and quarantine, and green trade policies, what potential mechanisms exist (or could exist) for China to recognize, mutually recognize, or align with Brazil's sustainability standards and traceability systems? • What is the level of demand for and acceptance of sustainable agricultural products in the Chinese domestic market? In promoting sustainable agricultural trade between China and Brazil, what specific requirements and challenges do companies from both countries face? • What are the main green financial instruments currently supporting cross-border trade in agricultural products?
11:10-11:20	**Q&A**
11:20- 11:30	**Closing Remark** • World Resources Institute (WRI) China
