

Request for a Meeting between WRI Delegation and GAPKINDO

To GAPKINDO,

World Resources Institute (WRI) is global research institute working to improve people's lives, protect nature and halt climate change. We leverage our data, expertise and global reach to influence policy and catalyze change across systems like food, land and water; energy; and cities. In 2008, WRI established its first international office in Beijing, working closely with domestic and international partners to actively conduct research and practical initiatives across key areas of climate, energy, cities, food and nature resources, and sustainable investment and finance.

WRI is actively engaged in research and project development concerning sustainable agricultural cooperation, sustainable supply chain and green finance between China and Southeast Asia. To further this effort, we kindly request the opportunity for a delegation from WRI to meet with the leadership of GAPKINDO. The purpose of this meeting is to share insights on these key topics and discuss areas of mutual interest for potential future collaboration.

We would like to propose a 1 - 1.5 hours meeting at 14:00 pm on April 1st, 2026. Is that convenient for you?

We would greatly appreciate your assistance in coordinating this visit and look forward to the possibility of a productive dialogue. For any further information needed, please contact Ms.Chen Ying, Ms Yang Junyi via chenyingcfna@vip.sina.com, junyi.yang@wri.org or call 86-13621023376, 15201437848.

Appendix: Participants list of WRI delegation

World Resources Institute, China

March 17, 2026
