Dear Erwin Tunas,

Thank you for sharing your idea about natural rubber supply chain in Indonesia in this afternoon's meeting.

My job is at the Rubber Research Institute, Chinese Academy of Tropical Agricultural Sciences, focusing on rubber tree and oil palm cultivation, physiology and ecology, agroforestry intercropping, and high-efficiency cropping systems.

I hope we have the chance to cooperate. Let’s keep in touch.

Kind regards
Zhang Xicai

Rubber Research Institute,
Chinese Academy of Tropical Agricultural Sciences
